RESPONSE TO THE EPA COMMENTS ON OPERABLE UNIT NO. 2 (OU 2), INTERIM MEASURE  
COMPLETENESS OF THE ADMINISTRATIVE RECORD FILE - EML-0512-92

The Environmental Protection Agency (EPA) stated, in a June 16, 1992 letter to the Department of Energy (DOE), that some Interim Measure documents were omitted from the Administrative Record (AR) file for OU 2. A computer search for the documents noted is attached. Thirteen of the twenty-seven documents listed as being omitted from the OU 2 AR file were located and the corresponding AR index numbers provided. A search will be implemented to locate the remaining fourteen documents. Once located, the OU 2 AR file can be updated and a revised list of the twenty-seven documents will be resubmitted to DOE.

Additionally, EG&G Rocky Flats, Inc. (EG&G) requests that DOE ask EPA and the Colorado Department of Health (CDH) to grant approval for the placement of the AR files for Operable Units 1, 3, and 5 through 16 in the public repositories (draft letter attached). EPA and CDH will be requested to review and comment on each OU AR file for completeness before the start of the public comment period. If EPA or CDH find that additional documents are required in the OU AR file, the documents can be located, placed in the AR, and made available before the comment period starts. Please ask that approval be forwarded to DOE by August 24, 1992 so that the Operable Units 1 through 16 AR files may be placed in the repositories with the August quarterly update.

If you have any questions or need additional information, please call W. A. Hunt on extension 8564 or K. O. Taylor on extension 8642, both of the Remediation Programs Division.

  
E. M. Lee, Director  
Environmental Management
